FHA Handles New Program

The Secretary of Agriculture has assigned to the Farmers Home Administration (FHA) responsibility for determining the eligibility of applicants for assistance under the Department's Emergency Feed Program. Under this program assistance may be made available in designated areas to enable eligible farmers and stockmen to acquire the hay or other feed required for them to maintain their foundation herds of livestock during periods of emergency.

The basic objective of the Emergency Feed Program is to assist eligible established farmers and stockmen in providing necessary feed to maintain their foundation herds of livestock and enable them to continue their livestock operations.

Further information on this program may be secured from the FHA representatives.

Thieves Strike In Pamplin

Appomattox authorities have questioned four persons charged with statutory burglary of a Madison Heights store, on a theory that they might have been implicated in two recent safe robberies in this county. The four were arrested Tuesday night.

A daring robbery was committed at Pamplin last Thursday night, as thieves carted off a safe from the Tolley Store. The safe contained several thousand dollars in cash and checks, and valuable account books of the firm. Previously, Poe Hardware Co. here had been entered and several hundred dollars in cash and checks taken. A series of similar robberies has occurred in nearby communities recently.

MRS. MacKENZIE TO PRESENT MARIONETTE SHOW NEXT THURSDAY

Year Books Distributed

New 1955 Year Books for Appomattox County Home Demonstration Clubs came from the presses of The Times-Virginian this week, and are being distributed at meetings of the clubs. There are some 450 members of the clubs in this county. The 1955 Year Book is dedicated to Mrs. R. K. Martin, president of the County Home Demonstration Committee. The 24-page Year Book contains valuable information on club meetings, procedures and items of interest to home-makers.

Supervisory Highway Employees Attend Management Class Here

Supervisory employees of the Appomattox Residency of the State Highway Department attended a meeting on 'Incentive Management' here last Friday. The meeting, presided over by H. W. Runkle, Resident Engineer, was held in the State Police Headquarters Building. There were thirty-two in attendance.

This was the second of a series of such meetings held in residencies to develop a program of incentive management.

Following a statement on the purpose of the meeting by Mr. Runkle the supervisory employees were addressed by John H. Phillips, District Engineer. He spoke on "ABC's of Incentive Management." He pointed to ways to develop interest and pride in work, and building a record for doing outstanding work. The supervisory employee can show leadership in promoting better performance by all employees, and he related many instances to show how this could be accomplished.

L. R. Treat, Resident Engineer of Chatham, spoke on "Incentive Management at the Working Man's Level."

"The effect that the Incentive Management Program will have on Testing and Materials" was discussed by R. V. Fielding, the District Materials Engineer.

W. M. Brown, Assistant Resident Engineer, addressed the group on "Specific Application of the Incentive Program to the Appomattox Residency."

S. E. Ranson, Engineer-Clerk at the local Residency, discussed the topic, "Financial ABC's of Incentive Management.

"Incentive Management in the Care of Equipment" was discussed by C. F. Daniel, District Equipment Superintendent.

Following these addresses, the group engaged in a thirty minute discussion period. The meeting convened at 9:00 A. M., and concluded at noon.

Only 13 shopping days are left before Christmas!

The new gymnasium and physical education room at the Appomattox High School will be formally dedicated as soon after the first of the year as all of the equipment for the addition to the school plant is available. This decision was reached at the first meeting of the Dedication Committee, held last Thursday night at the school library.

Members of local civic clubs and representatives from the school athletic association compose the committee. Division Superintendent J. A. Burke was named chairman of the group, and Mrs. W. M. Morris secretary. Others members attending the meeting were: Mrs. Louise Brown Coach Gordon Bragg, Principal H. E. Kerr, C. T. Moses, Jr.; Dr. D. A. Christian, III; Calvin Robinson, T. DeWitt Evans, Ivey Holland, C. V. Mitchell.

First use of the gymnasium was made this week. A basketball game is scheduled for Dec. 17. However several important items of equipment will not be on hand until perhaps in January, making it advisable to postpone formal dedication until the building is complete. Also, time will be required to arrange a suitable program. It is planned to build the program around actual demonstrations of how the gymnasium will advance physical education in Appomattox.

DR. CA. A. COLLINS, JR. TO BE U. D. C. SPEAKER

Dr. Carl A. Collins, jr. will be the guest speaker at a meeting of the Appomattox Chapter of the United Daughters of the Confederacy next Thursday evening, December 16. The meeting will be held at 8:00 o'clock in the high school library. Mrs. K. E. Coleman, chapter historian, will present Dr. Collins. Hostesses for the meeting will be Mrs. Coleman, Mrs. C. F. James and Mrs. J. W. Flood.

Falling River Watershed Project Gets Green Light

Mr. H. P. Mays, chairman of the board of supervisors of the Robert E. Lee Soil Conservation District, announced yesterday at the regular board meeting that he had received official approval for the demonstration program for the East Fork Falling River Watershed, from Mr. D. A. Williams, administator of the Soil Conservation Service.

The project is designed as a demonstration of complete watershed protection, including flood control structures, stream channel improvement and the treatment of land in the watershed for erosion control.

Approval of the project means that the Federal Government will participate with the state and local agencies and with landowners in the watershed to accomplish this aim.

In addition to the conservation work farmers are already doing or planning to do, the program calls for the construction of three flood water retarding structures, 10 miles of stream channel improvement, approximately 462 acres of reforestation, stabilization of about 100 acres of galled and gullied land and 41 miles of road bank stabilization.

The structural phases of the program are scheduled for completion by 1958.

Approximately 1400 fire-cured tobacco growers in Appomattox County are eligible to vote in the marketing quota referendum to be held Tuesday, December 14, according to C. S. Rush, Chairman of the ASC County Committee. The referendum is being held to determine, in accordance with the law, whether the growers want quotas for three years, whether they want quotas for the 1955 crop only, or whether they do not want quotas. Marketing quotas will continue in effect if approved by two-thirds or more of the growers voting in the referendum.

Since marketing quotas were in effect on fire-cured tobacco for 1954, legislation requires that quotas be proclaimed for the 1955 crop, and that referenda be held to determine whether growers are in favor of or opposed to quotas.

According to Mr. Rush, "Anyone who has an interest in the 1954 crop of fire-cured tobacco, either as owner, tenant, or share-cropper, is entitled to one vote on the question of marketing quotas. Each person concerned, however, is entitled to only one vote even though he may be engaged in the production of tobacco on two or more farms."

Mr. Rush pointed out that acreage allotments will be contained in 1955 if marketing quotas are approved. Farmers will be notified of their 1955 allotments prior to the referendum.

Fire-cured tobacco from the 1954 crop is eligible for price support loans—but loans will be available on the 1955 crop only if quotas are approved by at least two-thirds of the growers voting in the referendum. The loan rate set by law for fire-cured tobacco is 75 per cent of the Burley loan rate.

The loan rate on Burley tobacco is 90 per cent of the parity price. The law specifically provides that no price support can be made available for any crop of tobacco for which growers disapprove quotas.

Voting places and hours are as follows:

Clover Hill District
Old Court House, from 8:00 A. M. until 12:30 P. M.
Hix Store at Hixburg from 12:30 P. M. until 5:00 P. M.

Stonewall District
Herndon's Store from 8:00 A. M. until 12:30 P. M.
Melvin Drinkard's Store at Oakville from 12:30 P. M. until 5:00 P. M.

Southside District
The ASC County Office at Appomattox from 8:00 A. M. until 5:00 P. M.

Bloodmobile To Be Here December 13

"Give until it helps" is a slogan being used in recruiting blood donors for the visit of the Red Cross Bloodmobile to Appomattox next Monday December 13. J. N. Jennings is Recruitment chairman, and is urging that Appomattox County make another fine showing in the number of volunteers to donate a pint of blood to the Red Cross Blood Program.

The Bloodmobile will be at the Liberty Baptist Church, from 11:00 A. M. to 5:00 P. M. The basement at the church is being used for this visit. A committee from the Worgans Club of Appomattox will operate the canteen.

H. A. Gurney, Blood Program Chairman, declares that the Christmas Season is an ideal time for the public to respond to help their neighbors, by giving a pint of blood. He urges any and all to come to the church Monday, whether or not they have already signed a donor pledge card. Past experience here has been that a sizeable number of volunteers show up who had not sent in their pledge cards, and this has often aided the Red Cross Chapter in making an acceptable showing.

OAKVILLE P.-T. A.

The regular meeting of the Oakville P.-T. A. will be held at the school on December 16, at 7:30 P. M. Rev. Floy W. Cox will be the speaker and will use as his subject "Looking at the World Through the Eyes of a Child." All patrons and others interested are urged to attend.
